

## **Bible Study for February 8-14, 2021**

**Read:** 2 Corinthians 4:3-6

### **Notes:**

On February 14 of this year, we not only celebrate St. Valentines Day, but also the Transfiguration of Our Lord, when Jesus gave some chosen disciples a glimpse of his glory. You can read about this in Mark 9:2-9.

In relating to our lesson from 2 Corinthians, we find the spotlight of Christian ministry is not on the people who carry out ministry but on the Lord Jesus Christ. Just as God made light shine at creation, God makes the light of Jesus Christ shine in our lives through Christian ministry.

### **Questions to Ponder:**

When you are discouraged, what thought, song, or verse encourages you?

What can we learn from Paul when there is a lack of response to the gospel message?

How did the light of Christ first break through to you?

Why is being a servant to others essential for sharing the gospel?

What is one way you could be more of a servant to someone you are concerned about now?
