

## **Bible Study for November 28 – Dec 4, 2022**

**Read:** Romans 15:1-13

### **Notes:**

In these verses Paul informs us of the importance of scripture which, even though written long ago, still holds its value to us today. He encourages study so that we might understand even more our faith and become mature Christians.

### **Questions to Ponder:**

As a child, did you follow after your parents always wanting to “help out”, or were you more of a couch potato?

What types of books did you read growing up? How did they influence you?

How might we go about “building up” our neighbor as mentioned in verse 2?

What are some of the benefits of studying scripture as listed in verses 4-6?

At what point in faith do you consider yourself to be at? Toddler? Child? Teen? Young adult? Wiser than wise?

How might you move to the next level?
