

Bible Study for March 20-26, 2023

Read: Romans 8:1-11

Notes:

While it is quite easy to become caught up in a life of sin, it can also quite easily spin out of control when one sin leads to another, and yet another, becoming a death spiral. Jesus sacrifice is God's answer to getting us out of such a spiral because Christ justifies sinners and the life-giving Spirit lives in believers bringing them life and peace.

Questions to Ponder:

What do you expect to inherit in the years to come?

What would you like to pass on to others when your time on earth is finished?

How would you explain the gospel message of Jesus to someone who feels that they aren't good enough for God?

Since we are not set right with God by doing good works, what might be the motive for making changes to our lives?

When you feel the temptation to do something you are very much aware is wrong, what is most useful in dealing with it?

What area of sin would you most like to put to death?
