

Bible Study for April 3-9, 2023

Read: Colossians 3:1-4

Notes:

This being Holy Week, we consider the suffering and sacrifice of Jesus on our behalf, and what that means with regards to our behavior while we live here on earth. These verses remind us that, while not all things on earth are to be despised, this world should not be our singular focus.

Questions to Ponder:

How do you picture heaven? Has that image changed since you were a child?

What kinds of earthly things do you most enjoy being a part of?

What earthly things do you find most tempting to wholeheartedly follow without regard for any harm it may cause you or others?

In light of changes that have come about in your lifetime, do you find that some things don't bring you as much pleasure as they once did?

Verse 3 tells us that we have died. What parts of us die the more we attempt to get closer to God?
